

How Firm a Foundation?

You only have one chance to lay a foundation to your ministry – what “course” mixture will you choose?

Other fields of study are indeed relevant to the pastor but, “first things first” certainly applies here.

At NBBS we recognize the need for Bible Colleges for Christian young people to attend. Although there are several, **we could still use many, many more.**

However, when it comes to the training of preachers (pastors and missionaries), specialization is vital. This is why 44 of the 48 courses of study (92%) at NBBS are in Bible, Theology or Church Ministry.

This is **basically double what most Bible colleges have in their mix of courses for preachers in training.**

Now more than ever, a preacher needs to know his Bible!
